Section A - Commonwealth Linking Policy

"Sites are encouraged to apply for links to enrich the wealth of information available through the Commonwealth's Web Site. However, for a site to be granted a request for a link from any given Commonwealth site, it must have a logical relationship to that site.

Although the Commonwealth is not responsible for the content or activities of other sites linked to it, links to or from the Commonwealth's site do reflect on the Commonwealth. Because of this and because of limited personnel and technical resources, the Commonwealth reserves the right to accept or deny linkage requests at its discretion and to terminate linkages at any time."
